Terry DellaVecchia  
THRIVE Life Coaching  
Timonium, MD 21093

Dear Terry,

I would like to thank you for providing job search and resume building services to six of our Landscape Services staff members in September of 2016 as a result of a funding-related closure of the landscape division in December. I had an opportunity to speak with each of the participants and they all were very pleased with the help you provided.

Since the September session and prior to the division closure, three of the staff were able to find employment elsewhere. Two of the remaining three staff members had secured firm leads on alternative employment by December.

I anticipate that the Foundation will utilize THRIVE's services in the future.

Sincerely,

Wayne Lawson  
Administration
